MARINER

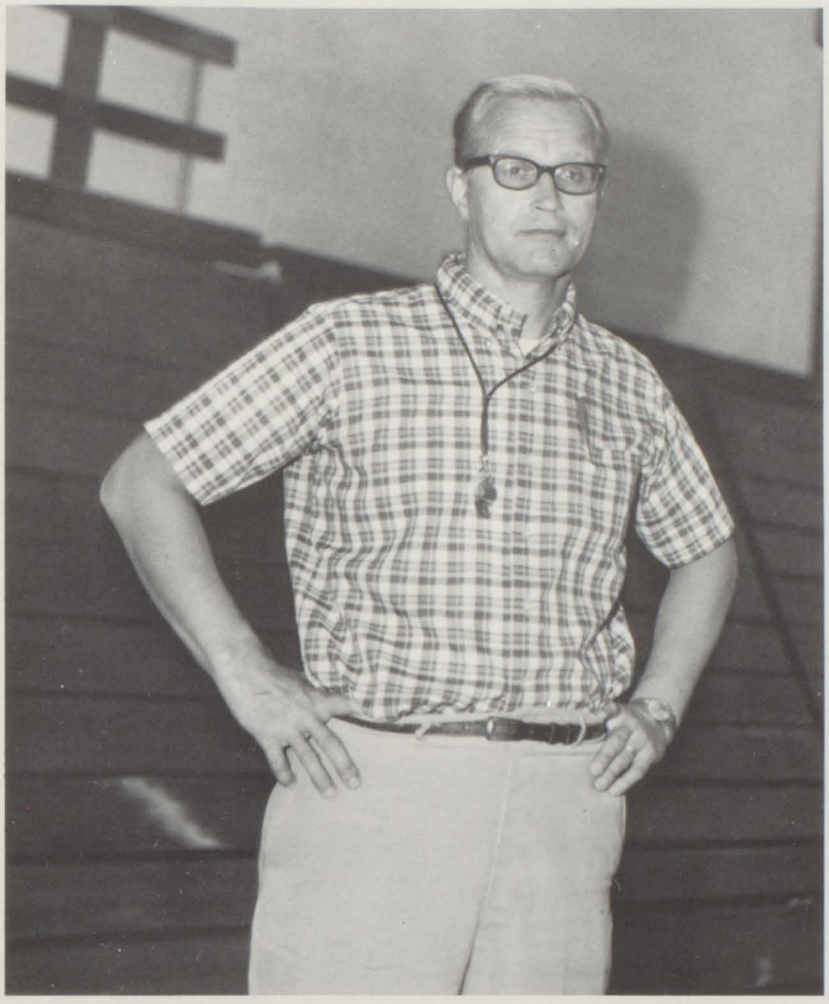

Sixty Eight

Dedication

The 1968 Mariner staff dedicates this book to:

Mr. Stanley Wiinikainen

For:

. . . enduring the cold half of the gym this long.

. . . stimulating the football team into putting forth their best, even though there were no goal posts nor a regular field for practice.

. . . teaching hundreds of boys what honesty, courage, sportsmanship, and all the other admirable traits of manliness are.

Foreword

No one had more need for an "unconquerable soul", than those who experienced modular scheduling for the first time.

In no other system of education is the student more of a "master of his fate", or a "captain of his soul".

It is with this theme, "Invictus", meaning, to be invincible, that we summarize this school year. We hope too, that you have felt the powerful argument expressed by William Ernest Henley for the triumph of courage over circumstance.

Being selected Homecoming Queen of my high school was an honor that I will remember long after I graduate. In my effort to represent my school and my friends, I hope my actions equaled the honor the office bestowed on me.

Kris Lozon

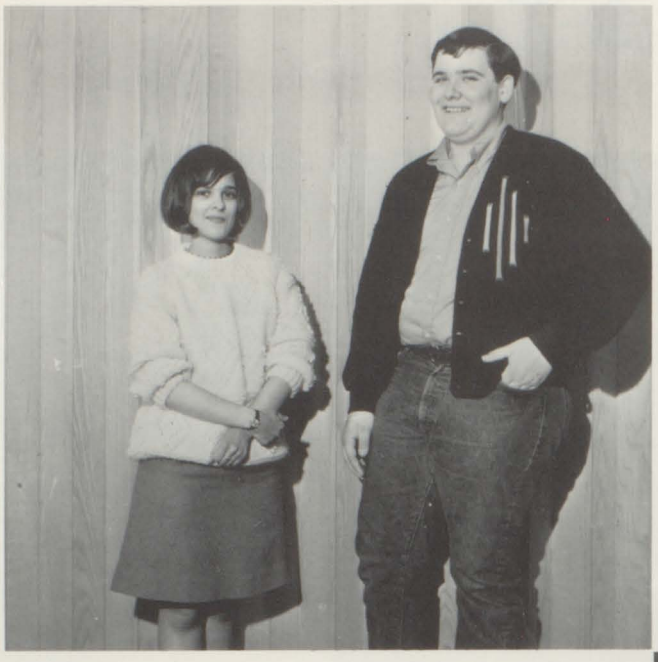

Exchange Student

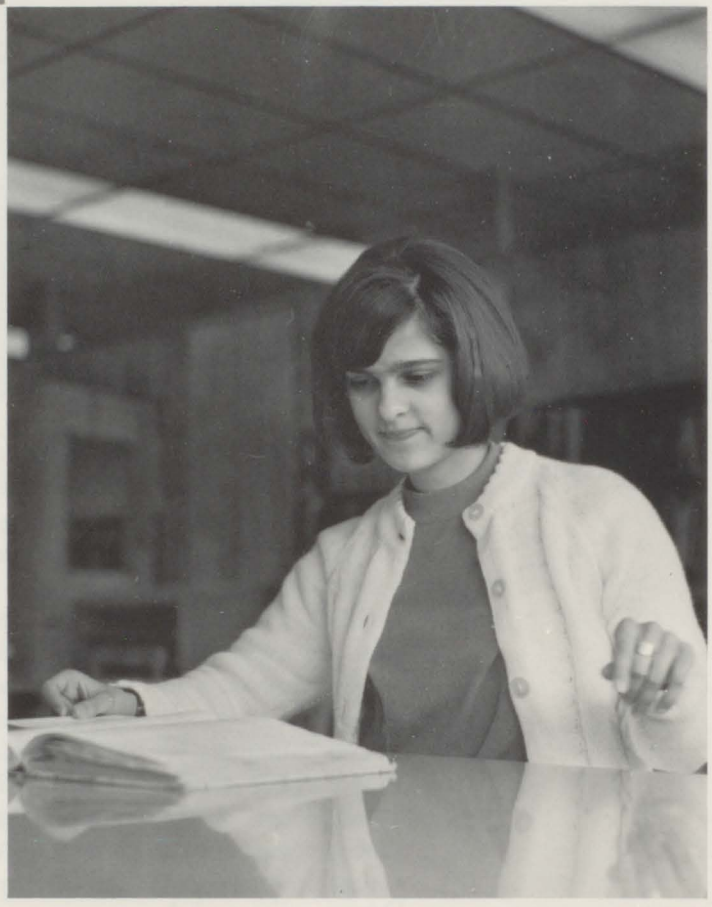

Dear Faculty, Friends, and Students,

My year in the United States and in Marine City means more to me, than almost any other thing. When I first got to know that I was chosen to be an exchange student, I was very worried. I said to myself: "What in the world have you got yourself into," but there was no way out. I had and wanted to go through with it. I will never regret that as long as I live. I am so thankful and happy that I had this chance and opportunity to grow up. I have learned a lot in my classes, but what I think is the most important is what I have learned outside the books. Being a part of the American life and a member of an American family has been a great pleasure. I have tried to be a good citizen and hope I succeeded. At last but not the least I want to thank you all for being so kind and friendly to me. For making me welcome here. A special thanks to Mr. Trudell, my teachers and the office.

Hanne Kleith-Klausen

"I know America is big but?"

The library is quiet and just the right place to study U.S. Government.

Good luck after graduation!

"Happy Birthday Hanne!"

The unsung heroes of M.C.H.S., are none other than those hard working boys of the Eight-Ball Club. They devote many hours to school activities that most students take for granted. Besides setting up for assemblies and pep rallies, they assist with school plays, D.J. for the dances, and provide services for community groups that use the building.

Eight-Ball Club

Steve and George set the lights.

The fan makes the flag wave.

Catching flying props is an art.

It looks like the mike's squealing.

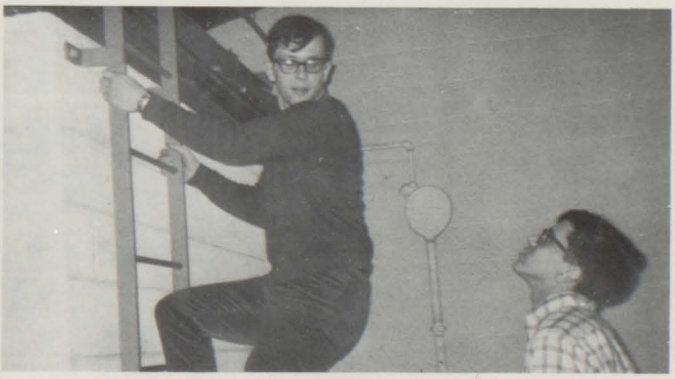

The cheerleaders are ready now.

Ready for the lights?

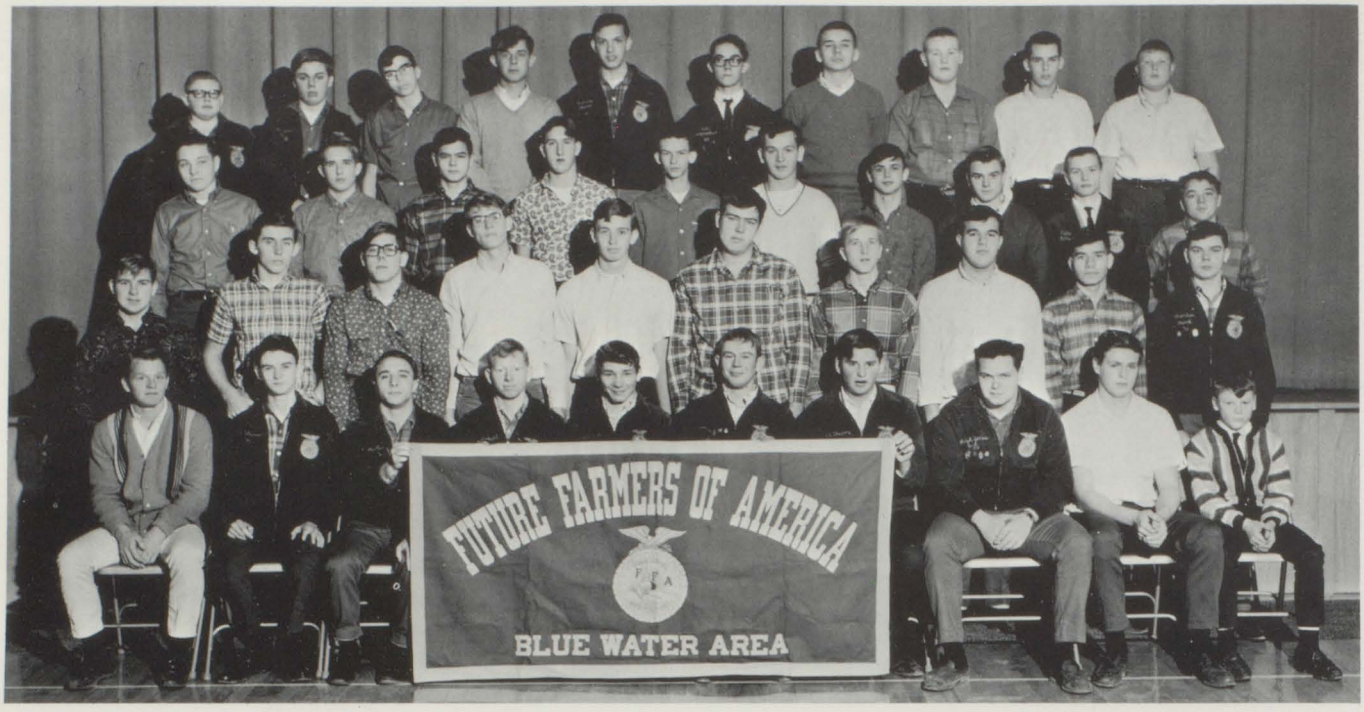

Gotta get ready for the dance.

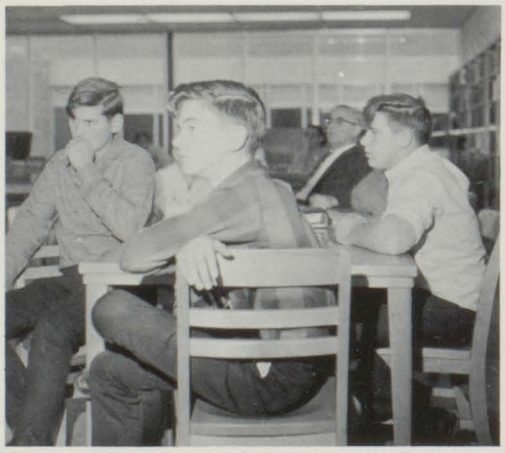

Maybe I'll become a fireman.
